1. Applicants' claim for priority set forth at page 1, lines 5-7, is objected to because this application contains new matter with respect to the disclosure of the parent application. For example, the disclosure at page 8, lines 13-17, of the instant specification and of claim 1, step c, is not found in the disclosure of the parent application. The disclosure at page 14, lines 22-24, of the instant specification is changed with respect to the disclosure at page 15, lines 1-3, of the parent application. Accordingly, this application is a continuation-in-part rather than a continuation of parent application 09/694,404. Because of the presence of this new matter in this application, Applicants are not entitled to rely upon a photocopy of the declaration under 37 CFR 1.63 filed in the parent application, and must instead submit a new oath or declaration under 37 CFR 1.63 along with the surcharge under 37 CFR 1.16(e). See MPEP 201.06(c) under "Examination", third paragraph.

The status of parent application 09/694,404 should be updated in any claim for priority submitted in this application.

Correction is required.

The benefit claim filed on September 8, 2003 was not entered because the required reference was not timely filed within the time period set forth in 37 CFR 1.78(a)(2) or (a)(5). If the application is an application filed under 35 U.S.C. 111(a) on or after November 29, 2000, the reference to the prior application must be submitted during the pendency of the application and within the later of four months from the actual filing date of the application or sixteen months from the filing date of the prior application. If the application is a nonprovisional application which entered the national stage from an international application filed on or after November 29, 2000, after compliance with 35 U.S.C. 371, the reference to the prior application must be made

during the pendency of the application and within the later of four months from the date on which the national stage commenced under 35 U.S.C. 371(b) or (f) or sixteen months from the filing date of the prior application. See 37 CFR 1.78(a)(2)(ii) and (a)(5)(ii). If applicant desires priority under 35 U.S.C. 120 based upon a previously filed application, applicant must file a petition for an unintentionally delayed benefit claim under 37 CFR 1.78(a)(3) or (a)(6). The petition must be accompanied by: (1) the reference required by 35 U.S.C. 120 or 119(e) and 37 CFR 1.78(a)(2) or (a)(5) to the prior application (unless previously submitted); (2) a surcharge under 37 CFR 1.17(t); and (3) a statement that the entire delay between the date the claim was due under 37 CFR 1.78(a)(2) or (a)(5) and the date the claim was filed was unintentional. The Director may require additional information where there is a question whether the delay was unintentional. The petition should be addressed to: Mail Stop Petition, Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450.

Note that the requirement to petition applies when the relationship between parent applications is incorrectly stated, as well as when a priority claim is completely missing from an application. See the Notice by Deputy Commissioner Kunin dated February 24, 2003, at <http://www.uspto.gov/web/offices/pac/dapp/opla/preognotice/benefitclaims.pdf>.

The proposed amendment to the priority claim filed September 8, 2003 will overcome the above objection once the amendment can be entered.

2. Claims 14-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. There is no antecedent basis in the independent claim for the phrase "the laser

Art Unit: 1654

beam” in claims 14-18. Note that the independent claim was amended to recite “laser” rather than “laser beam”.

3. Applicant's arguments filed March 31, 2004 have been fully considered but they are not persuasive.

Applicants did not respond to the objection to the claim for priority set forth in section of 1 of the previous Office action and repeated in section 1 above. In addition, the declarations under 37 CFR 1.63 filed March 31, 2004 will not be sufficient to satisfy the requirement for a new oath or declaration because they improperly refer to the amendment filed September 5, 2003, which contains new matter. See 37 CFR 1.67(b).

4. Claim 11 is allowed. Claims 14-18 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
